Password Reset Tip Sheet

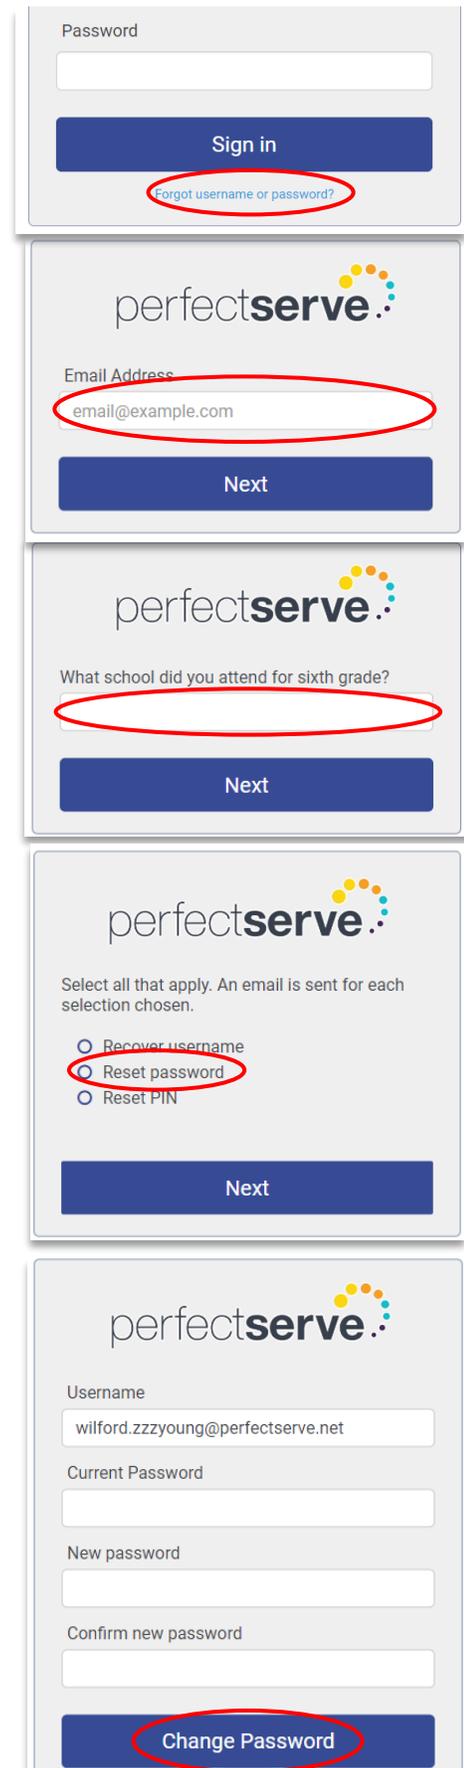

Password Reset

NOTE: The below instructions will only work for practitioners who use PerfectServe specific credentials. If you use hospital-issued credentials to log into PerfectServe, please contact your Hospital IT Department for login assistance.

1. Click **Forgot Username or Password?** on the login screen.
2. Enter the recovery e-mail address provided to PerfectServe (typically entered during the registration process) and click **Next**.
3. If an incorrect recovery e-mail address is entered, you will be directed to contact the Support Center at 877-844-7727.
4. Answer a secret question and click **Next**. If a secret security question is not on file, or if answered incorrectly, you will be asked to contact the Support Center.
5. Select **Reset password** and click **Next**.
6. A temporary password will be e-mailed to the address provided in Step 2. If you do not see the e-mail within a few minutes, check the junk/spam folder.
7. Return to the mobile application and enter your username and temporary password; click **Sign In**.
8. You will be prompted to change your password.
9. Enter the temporary password as the Current Password and create a new password that meets the below password requirements. When finished, click **Change Password**.
